Sir:

REMARKS

In the Office Action mailed November 20, 2002, the Examiner requests an election between two groups of claims: Group I (Claims 1-6 and 13-18) and Group II (Claims 7-12 and 19-24), arguing each group presents a patentably distinct invention. Applicants respectfully disagree and submit that the Examiner's restriction of the instant invention is inappropriate. The Applicants respectfully request reconsideration of the restriction, as the Applicants believe all the pending claims in the instant application should be combined into one Group.
